

Helping Hand Environmental launches NEW Professional Range

Helping Hand Environmental is proud to be introducing our NEW RANGE of litter clearance tools this September. They deliver intelligent, comfortable & long lasting smarter solutions - providing you with professional tools and targeted application for improved litter management.

R&D driven our NEW Range has been designed with our customers in mind. We understand there are a number of core challenges environmental management teams are faced with including:

- Lack of funding/budget restrictions
- Ensuring value for money
- Cost effective delivery of work
- Credibility/longevity of tools purchased
- Communication, information sharing and engaging residents

Helping Hand Environmental can help you meet these challenges by providing:

- Knowledge banks of funding and grants available
- Cost effective tools for the right type of litter
- Training for staff on tool application and environmental hazards
- The right tool for the right environment/application guaranteed
- Free marketing/engagement support for local clean up activity

HH Environmental prides ourselves, for not only being a Quality Assured British Manufacturer but we care passionately for making our world cleaner, greener and more sustainable.

Come see our NEW RANGE during September at 2014 IOG Saltex, Windsor Racecourse 2nd-4th September, 2014 ASPE Annual Seminar & Awards, Nottingham Ice Centre 10th-11th September and 2014 RWM, NEC Birmingham 16th-18th September.

Or learn more about our NEW Range - in its very own Newsletter [Helping Hand Environmental UK Newsletter](#) or for a more in depth overview call the HH Environmental Team on 01531 635678 who will be able to assist you in selecting the right tool for right application.

Helping Hand Environmental (a division of The Helping Hand Company) have been manufacturing Litter Clearance Tools and supporting local authorities in improving Litter Management since 1965.
